SCHOLARSHIPS

We believe it is extremely important to award potential and excellence, which is why we offer substantial scholarships and exhibitions, as well as having a generous bursary to make it possible for boys from a variety of backgrounds to benefit from an Oratory education.

Academic Award

The Oratory has always attracted academically able boys, with its broad, ambitious curriculum, small classes and individual attention. Our teachers are committed to inspiring and stretching the brightest boys to achieve beyond their potential.

Music Award

Music is a central part of life at The Oratory, and our music scholars are stretched by our outstanding teachers. Music awards also provide free tuition on up to three instruments for the highest achievers.

Art Award

Described by the Good Schools Guide as “a creative oasis”, our award-winning Art and Design Department will nurture and develop the most talented artists with inspirational teachers. Our results speak for themselves!

Sport Award

The Oratory has always been a very strong sporting school, which plays on a competitive circuit and as such has traditionally attracted outstanding sportsmen. We are looking for boys with exceptional ability in one or more of our “major” sports.

Drama Award

The school has a tradition of excellent drama. Our new Head of Drama is keen to attract outstanding actors to the school for his ambitious projects.

All-Round Award

These are awarded to boys who are academically strong and who offer two of Sport, Art, Music or Drama, as well as displaying confidence and potential leadership skills.
